

Sumo Bots!

This link shows a basic program for the Sumo Bot. It includes the light sensor program that keeps the robot inside of the line.

http://nxtprograms.com/mini_sumo/index.html

Goal

- Improve the program to compete against other bots
- Add onto the structure of the bot to improve design

Requirements

- Shows a display
- Makes a sound
- Includes at least one other sensor than light
- Extra credit to winner!
